PROFESSIONAL SUMMARY

Over 10 years of experience in public health, pharmacology, epidemiology, and infection control.

Experienced university lecturer with strong curriculum development, student supervision, and research skills.

Skilled trainer in hygiene, disaster first aid, pharmaceutical waste management, and infection prevention.

Proficient in data analysis using SPSS and other research tools.

Multiple scientific publications and active conference participation.

Experienced in community health program management and health education.

skills

- Biostatistical skills (SPSS)
- Good proposal writing and training skills.
- Academic teaching
- Highly dependent, honest, motivated, hard-working
- Excellent skills in project management and project evaluation
- Excellent attention to detail

WORK HISTORY

Lecturer – Faculty of Applied
Medical Sciences Al-Azhar
University, Gaza

1/10/2015- Present

Teach Public Health, Infection Control,
Epidemiology , Research

Lecturer – Faculty of Dentistry Al-
Azhar University, Gaza

1/10/2015- 10/01/2015

Methodology and Pharmacology.

Develop curricula and lead practical sessions

Supervise student theses and research projects

Participate in academic committees and conferences

Delivered seminars and supervised student research methodology projects

Pharmacist Private Pharmacy, Palestine

01/2001 to 09/2012

Dispensed medications and provided patient counseling

Health Educator and Trainer Various NGOs, Palestine

01/2007 to 06/2018

Conducted training on hygiene, disaster first aid, pharmaceutical waste management, infection control, and public health topics.

Delivered workshops to hospitals, universities, and community groups.

Lecturer Palestine University

2016 to 06/2019

Lecturer in health and Nutrition.

Natuf for environment and community development

2018 to 2018

Data analysis and assessment of environmental and health impacts of pollution in Wadi Gaza area

Lecturer Palestine University

2016 to 06/2019

Lecturer in health and Nutrition.

Natuf for environment and community development

2018 to 2018

Data analysis and assessment of environmental and health impacts of pollution in Wadi Gaza area

Save the Children International

2018 to 2018

Data analysis for research project: "Gaza Research on the Impact of 10 Years of Blockade and Its Impact on Children's Mental Health and Psychosocial Wellbeing"

Trainer – Safe Management of Hazardous Waste Al-Shifa and European Gaza Hospitals, Palestine

09/2014 to 11/2014

Facilitated sessions on the safe handling of medical, pharmaceutical waste and cytotoxic waste

Save the Children International

2018 to 2018

Data analysis for research project: "Gaza Research on the Impact of 10 Years of Blockade and Its Impact on Children's Mental Health and Psychosocial Wellbeing"

Trainer – Safe Management of Hazardous Waste Al-Shifa and European Gaza Hospitals, Palestine

09/2014 to 11/2014

Facilitated sessions on the safe handling of medical, pharmaceutical waste and cytotoxic waste

WASH and Environmental Health
Projects Aknan Al-Binaa
Consulting Engineers and Safety
Engineering Consultants & Others

2017 to 2018

- Led health promotion and pollution impact assessment initiatives.

Trainer – Faculty of Applied
Medical Sciences Al-Azhar
University, Gaza

2020 to 2020

Trainer on Infection Control in
Hospitals and COVID-19 Infection
Prevention and Control Guidelines.

Senior researcher -National
Institute for Environment and
Development (Funded by
OXFAM), Palestine

2021-2021

Senior researcher for developing
COVID-19 protocols on WASH (Water,
Sanitation, and Hygiene) practices at
the household level

Data analysis -EFFECTS, CTAF
(Funded by OXFAM)

2022-2022

Research on the current situation of
sexual and reproductive health and
rights among adolescents in the Gaza
Strip.

Responsible for research
methodology design and data
analysis.

EDUCATION

University of Business and Health
Sciences Poland

2022-2022

International training and study visit
in Nutrition as part of the ECNAD
Project funded by Erasmus+

University of Ruse Bulgaria

2022-2022

International training and study visit
in Nutrition as part of the ECNAD
Project funded by Erasmus+

Senior Researcher, Alazhar University Gaza and ICESCO

2023-2023

Enhancing Infection Control with Digital Health Solutions in Healthcare, Gaza Strip, Palestine

Al Azhar University Gaza

2022-2023

Researcher and Vice-President of the Organizing Committee

Trainer for Evidence-Based Research in pre-conference training session (ICAMS II).

Ph.D. | Public Health / Environmental Health

03/2015

Alexandria University, Egypt • Graduation with Distinction, [2015]

Master of Public Health (Environmental Health)

05/2011

Al Quds University, Palestine.

Bachelor of Pharmacy

09/1994

Al-Azhar University- Gaza, Palestine

ACCOMPLISHMENTS

Led and contributed to numerous international and local research projects related to public health, pharmacology, infection control, and environmental health.

Published multiple peer-reviewed articles in reputable journals, including work on pharmaceutical waste management, coagulation profiles in diabetic patients, the health impact of drinking water, and infection control in hospitals.

Delivered training sessions and workshops on topics such as pharmaceutical waste management, infection prevention and control, hazardous waste management, and safe handling of medical materials.

Supervised student research projects and theses at Al Azhar University in diverse health-related fields.

Served on organizing committees and leadership roles for scientific conferences, including the International Conference on Applied Medical Sciences (ICAMS) and community development conferences.

Developed and implemented pharmacology, public health, epidemiology, and infection control curricula for undergraduate and postgraduate students.

Participated actively in community health and development programs, including data analysis for environmental pollution impact and child mental health under blockade conditions.

Worked as a consultant and trainer for water, sanitation, and hygiene (WASH) related COVID-19 protocols funded by organizations such as OXFAM.

Held leadership roles in academia, including vice-president of organizing committees and trainer for evidence-based research.

Contributed to national health strategies and standards committees, including developing health promotion strategies and food/drug safety standards.

Participated in multiple international trainings and collaborative projects across Europe as part of Erasmus+ initiatives.
